

The **Sturtevant Falls Loop** trail run is usually done on the last wednesday of July. From the Upper Parking lot, go east down the paved road past the gate to Roberts Camp. Take the dirt road to the right (2N40) that follows the stream up the canyon. At the end of the dirt road there is a trail junction with 3 directions you can go. Take the middle trail between the rocks (Sturtevant Loop Trail) which will take you up above and past Sturtevant Falls in the canyon. Turn left at the trail junction and come back down the Gabrielino Trail to the 3 trail Fern Lodge junction and back the way you came. Walkers can either take the Falls trail to the right to see the bottom of the falls, or at 7:00 PM turn around and come back.
