Dear Editor:

Reference page 45 of the Nov 85 issue under CLUBS, the Loeschornes Arcadia club is no more. Bill Johnson, the Arcadia store owner, went out of business as of last February. Bill is still in the running equipment business however as manager of the Long Beach Second Sole store. The members of that chapter voted to stay together but divorce ourselves from the Loeschornes organization. We are now known as the "Foothill Flyers" running out of the Second Sole store in Monrovia. We are also an independent group not affiliated with the Second Sole clubs. We are more into participating in a wide variety of running activities than organizational affiliations and all that goes with it. Present membership totals 115, and is growing.

I have been asked by our president, Steve Cunningham, to write to you and ask to first remove the Arcadia Loeschornes listing, and to list our club.

FOOTHILL FLYERS RUNNING CLUB
